I have made the following corrections to Formula Sheets June 4, 2012:

## C Summary

- In the DML box, replace $\left(\bar{D}\bar{A}\right)^{1}_{x:\overline{n}|} = \dfrac{(Da)_{\overline{n}|}}{\omega - x}$ with $\left(\bar{D}\bar{A}\right)^{1}_{x:\overline{n}|} = \dfrac{(\bar{D}\bar{a})_{\overline{n}|}}{\omega - x}$.

## E Summary

- In the CF box, replace $\mathrm{Var}[L] = p^2 A_x$ with $\mathrm{Var}[L] = p \cdot {}^2 A_x$.

## F Summary

- For retrospective change to say only works under EP.
